Exploring Government and Political Systems

Lesson Summary

Students will explore various forms of government and political systems and select one which they would like to explore in-depth (students may work alone or in self-selected groups with a maximum of three). Given a list of several forms of government, they will briefly define each, then choose the one that they will study further (no repeated topics; first come, first served). When their information gathering is complete, they will present their findings to the class in the form of a Venn Diagram that compares and contrasts their researched topic to the government system in Anthem.

GOVERNMENT AND POLITICAL SYSTEMS

Now that we are nearing the end of the novel, you have undoubtedly noticed how important the role of the government is in Equality’s life. In order to further understand the role of the government in society and in the formation of individual identity, let’s investigate some forms of political systems and how they compare to the one portrayed in *Anthem*.

- Write a **brief** definition for each of the following forms of government and political systems. You may write your definitions on this sheet. Use the back if you need more space.
- Choose one that you would like to research in more depth (no topic repeats; first come, first served). You may work alone or in groups of no more than three people.
- Using your researched information and what you have read in *Anthem*, compare and contrast the political system that you’ve researched with government in the novel; include similarities and differences.
- You will present your Venn Diagram to the class, so make sure it will be visible to the entire class and that you can explain it well.

1. Anarchy
2. Aristocracy
3. Authoritarianism
4. Communism
5. Democracy
6. Despotism
7. Dictatorship
8. Monarchy
9. Oligarchy
10. Plutocracy
11. Republic
12. Socialism
13. Sultanate
14. Theocracy
15. Totalitarianism
16. Tribe
